---

June 27, 2013—Boston, Mass. The Workflow Management Coalition ([WfMC](#)) is pleased to announce the winners for the 2013 Global Awards for Excellence in Case Management.

In 2011, WfMC inaugurated a Global Awards program for Adaptive Case Management (ACM) case studies to recognize and focus upon ACM use cases. Adaptive Case Management represents a new approach to supporting knowledge workers in today's leading edge organizations. ACM provides secure, social collaboration to create and adapt goal-oriented activities that enable informed decision-making using federated business data and content.

Co-sponsored by WfMC and BPM.com, these prestigious awards recognize user organizations worldwide that have demonstrably excelled in implementing innovative ACM solutions. Award winners were announced at a special virtual awards ceremony on June 27th at [ACM Live](#).
